

**GENERAL INFORMATION TO BE SUBMITTED FOR  
BUILDING PERMIT APPLICATIONS  
Garages/Domestic Sheds/Carports/Pool/Pergolas)**

**SITE PLAN REQUIREMENTS**

General details required to be shown on site plans submitted for building permit applications. An example has been provided below to assist you in the preparation of this document.

**Site Plan (drawn to a scale of 1:500 min.) Must Include:-**

- The allotment boundaries and dimensions as shown on the Title.
- The street name and number next to the front boundary of the allotment.
- The north point for the allotment.
- Easement locations and dimensions as shown on the Title.
- The location of the proposed structure.
- The location of the existing buildings.
- The setbacks of the proposed structure from the allotment boundaries and any other adjoining buildings.
- The dimensions of the proposed structure.
- Label the new structure as “**proposed**” and the existing buildings as “**existing**”.
- Show downpipes (dp) and point of discharge for storm water (swd)
- For swimming pools indicate location and type of compliant safety barriers in accordance with AS1926.1.
