

# PRIOR DAMAGE REPORT

For Council Infrastructure Adjacent to Building Sites

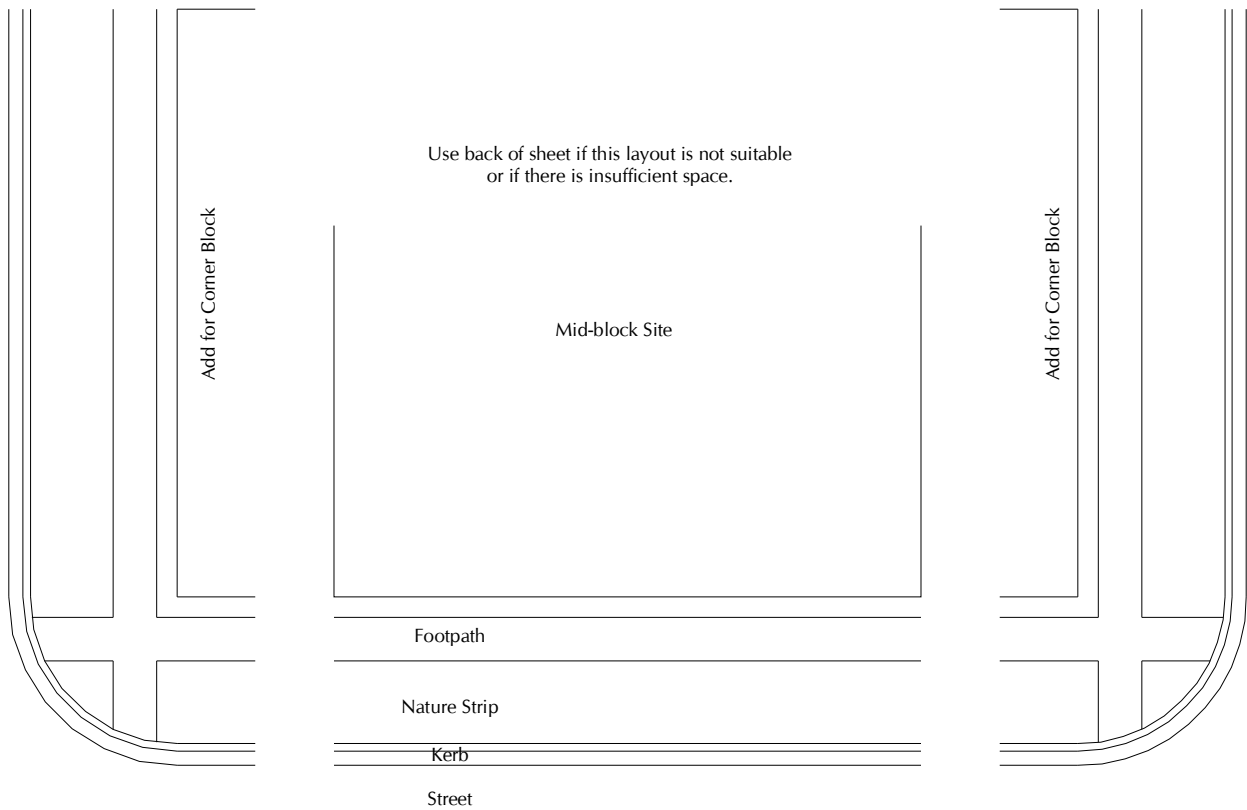

Building Site Address: \_\_\_\_\_

Builder's Name: \_\_\_\_\_

Builder's Address  
\_\_\_\_\_  
\_\_\_\_\_

Building Permit Number: \_\_\_\_\_

Mark all pre-existing defects below, noting location, extent, and other relevant details. If the site configuration does not match the diagrams below, details may be noted on the reverse of this sheet:

Report Completed by: \_\_\_\_\_ (Printed Name)

Date: \_\_\_\_\_ (Signature)

Council Confirming Inspection:

Office Use Only

\_\_\_\_\_  
(Date) (Name) (Signature)

This report is to be completed for all work requiring a building permit, and is to show any defects in Council's infrastructure assets (that is: footpath, kerbing, nature strip, roadway, pits, street signs and furniture, etc) that existed prior to the commencement of the work. On completion of works, builders will be deemed responsible for all damage evident at the site, except for that which is reported on this form.
