Vision Statement

Built on strong foundations that embrace our rich History and natural environment, our region will be a place of progressions and possibility. We are a community that is happy, healthy and harmonious - we are empowered, we are respectful and we are proud.

Our Mission

We will lead, advocate, partner and provide efficient services and opportunities for growth and the wellbeing of our community, environment and economy.

Our Values

Council values our residents and community and will be responsive to their needs. In pursuing our objectives, we believe in, and are committed to, the following values:

Community engagement - We will ensure that our communities are consulted, listened to and informed.

Leadership - We will be at the centre of our community and by actively engaging our community we will form the collective view on strategic issues and will then express our views through strong advocacy and action.

Fairness - We will value and embrace the diversity of our community and ensure that all people are treated equally.

Accountability - We will be transparent and efficient in our activities and we will always value feedback.

Trust - We will act with integrity and earn the community's trust by being a reliable partner in delivering services, projects and providing facilities.

Summary

The purpose of this report is to present Council with the Swan Hill Rural City Council 2024-25 Budget for consideration and adoption.

Discussion

At the close of the statutory advertising period, four (4) submissions were received. The submissions were formally received and heard at the Unscheduled Council Meeting on 28 May 2024. A response to the submissions was provided at the Unscheduled Council Meeting on 04 June 2024. Council formally considered the submissions at that meeting.

The points raised in the submissions do not require the Budget to be amended.

Council is now in a position to adopt the Budget.

Councillors' have been involved in the preparation of the Budget and are well informed as to its content however; highlights and significant issues are as follows:

1. Rating Strategy

There will be a 2.75 per cent increase to the Council's base average rate revenue, in line with the Victorian Government's Fair Go Rates System. Calculation of capped rating revenue is as follows:

	2024-25
Total rates (annualised forecast 30 June 2024)	\$27,663,027
Number of rateable properties	12,258
Base Average Rate	\$2,256.73
Maximum Rate Increase (set by the State Government)	2.75%
Capped Average Rate	\$2,318.79
Budgeted Average Rate	\$2,318.79
Maximum General Rates and Municipal Charges Revenue	\$28,423,729
Budgeted General Rates and Municipal Charges Revenue	\$28,423,729

No changes to the Differential Rate types applied in 2023-24 are proposed.

2. Waste Management

The Budget reflects increased waste management charges at landfill sites in line with increased EPA levies and increasing cost of landfill management, kerbside collection, and processing of recyclable materials.

The fee for a 120 litre garbage bin will be \$384 (\$370 in 2023-24) and a 240 litre bin will be \$582 (\$561 in 2023-24). The optional green waste service charge remains unchanged at \$100.

3. Operations

The Budget maintains the current level of operational services except where Government Policy changes are occurring, or a service can be better provided by the private sector.

\$44.5 million (excluding depreciation) will be spent primarily on Infrastructure maintenance and provision, Family and Youth, Parks and Recreational facilities, Economic and Community Development, Tourism, Waste Management and Municipal administration costs.

4. Capital Works

The Budget proposes a \$35.2 million capital works program focusing on infrastructure creation and replacement, which is dependent on receiving \$6.9 million in external funding.

Some of the major works to be undertaken include:

- \$11.6 million for road works across the municipality,
- Ultima Compost Facility establishment,
- Swan Hill Art Gallery redevelopment,
- Cultural and Tourism Hub development,
- Continued development of the Tower Hill Estate,
- Continued implementation of the Swan Hill Riverfront Masterplan,

- Pental Island - Pioneer Settlement Pedestrian Bridge,
- Nyah Cricket Practice and Community Event Space,
- Continued implementation of Community Plans,
- Major maintenance to community buildings,
- Drainage renewal and upgrades,
- Plant and equipment replacements.

5. Asset Management

The Budget clearly focuses on asset management issues and the need to fund infrastructure and plant/equipment replacements.

\$17.1 million (subject to external funding) will be spent replacing Councils assets, primarily roads, footpaths, buildings and plant & equipment.

6. Financial Management

The Budget predicts an operating surplus of \$6.3 million and a rates surplus of \$70,000. Borrowings will decrease by \$284,000. Net assets are budgeted to increase by \$6.4 million. Cash and investments will decrease by \$13.3 million as cash carried forward from 2023-24 to fund capital works projects is expended during the 2024-25 financial year. Current assets will exceed current liabilities at 30 June 2025 by \$20.2 million.

Consultation

A formal advertising and submission process has taken place. Four submissions were received. Suggestions for projects and programs from the community were also received during the year and considered as part of the Budget preparation process.

The Budget has been prepared with significant guidance from Councillors, the Executive Management Team, Managers and Officers.

Financial Implications

The Local Government Act 2020 (Section 94) requires a Council to prepare and adopt a Budget before the statutory deadline of 30 June each year.

Adoption of the 2024-25 Budget authorises Council Officers to expend Council funds and raise revenue to implement the budgeted programs and projects.

Social Implications

Council's Budget covers all aspects of Council operations and therefore impacts economic, social and environmental outcomes.

Economic Implications

As above.

Environmental Implications

As above.

Risk Management Implications

Setting a Budget is a vital control that enables the organisation to track financial performance.

Making a submission

Submissions to Council's 2024/25 Budget closed at 4pm on Friday, 17 May.

Process to adopt the budget

Council received and heard submissions at a Special Council Meeting on Tuesday, 28 May.
Four submissions were received. Council considered whether to amend or adopt the budget at a Special Meeting on Tuesday, 4 June.
The meeting to adopt the budget will be the Ordinary Council Meeting on Tuesday, 18 June.

Mayor and CEO introduction

We are pleased to present the 2024/25 budget to the Swan Hill Rural City community.

Our current budget follows a busy year of projects including the completion of the Robinvale Leisure Centre and Splash Park, the Robinvale Skate Park, the Swan Hill River Viewing Platform and Boardwalk, street lighting upgrades, ongoing sealed road renewal works and footpath replacements and much more.

It also follows disruptions caused by the high river and flooding events in 2023 that created additional response and maintenance, right across the municipality.

This year's budget is committed to maintaining services through efficiency and strong financial management, while also providing a positive capital works program that we are proud of.

Our 2024/25 budget plans for a rate rise of 2.75%, which is significantly less than the Consumer Price Index (CPI) and other costing indexes, and we will continue our focus of striving for efficient, high-quality services and facilities for our community, as well as delivering a superior capital works program.

This budget plans for a number of projects set to be delivered across our municipality, in partnership with the State and Federal government.

Our 2024/25 budget contains a \$35.18M allocation for a number of exciting projects, right across our municipality, including:

- Pental Island – Pioneer Settlement Pedestrian Bridge upgrade
- Art Gallery redevelopment
- Cultural and Tourism Hub development
- Compost Facility Establishment stage 2
- Empower Youth Initiative
- Nyah Cricket Practice and Community Event Space
- Robinvale Drainage works stage 2
- Tower Hill stage 16
- Swan Hill Showgrounds Regional Hub
- Sealed Roads renewal works
- Unsealed Roads renewal works
- Karinie Street reconstruction
- Renewal works to community buildings
- Continued funding for Swan Hill Riverfront Masterplan projects
- and much more.

We encouraged residents to read our draft budget thoroughly and sought feedback from the community, regarding the draft budget.

All comments were received by 4pm Friday 17 May 2024.

Feedback on the draft budget was received online by visiting <https://letstalk.swanhill.vic.gov.au/> or by writing to: Chief Executive Officer, Swan Hill Rural City Council, PO Box 488, Swan Hill VIC 3585.

A special Council Meeting was scheduled for Tuesday, 28 May to hear and consider submissions.

Four submissions were received, Council considered whether to amend or adopt the budget at a Special Council Meeting on Tuesday, 4 June.

The meeting to adopt the budget will be the Ordinary Council Meeting on Tuesday, 18 June.

We look forward to continuing to deliver vital services for our communities, working alongside them, during the next 12 months.

1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Environment, Land, Water and Planning

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services - such as animal management, local roads, food safety and statutory planning - most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore, councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

1.2 Our purpose

Our vision

Built on strong foundations that embrace our rich history and natural environment, our region will be a place of progression and possibility, we are a community that is happy, healthy & harmonious - we are empowered, we are respectful and we are proud.

Our mission

We will lead, advocate, partner and provide efficient services and opportunities for growth and the wellbeing of our community and environment.

Our values

Council values our residents and community and will be responsive to their needs. In pursuing our objectives, we believe in, and are committed to, the following values:

- **Community Engagement** – We will ensure that our communities are consulted, listened to and informed.
- **Leadership** – We will be at the centre of our community and by actively engaging our community we will form the collective view on strategic issues and will then express our views through strong advocacy.
- **Fairness** – We will value and embrace the diversity of our community and ensure that all people are treated equally.
- **Accountability** – We will be transparent and efficient in our activities and we will always value feedback.
- **Trust** – We will act with integrity and earn the community's trust by being a reliable partner in delivering services and providing facilities.

1.3 Strategic objectives

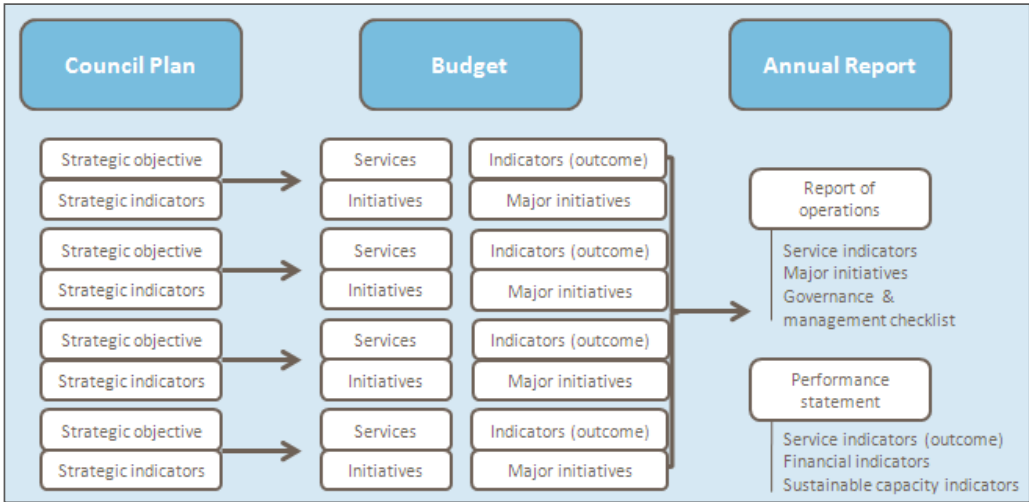

Council delivers services and initiatives under 23 major service categories. Each contributes to the achievement of strategic initiatives within the one of the four Strategic Pillars as set out in the Council Plan 2021-25. The following table lists the four Strategic Pillars as described in the Council Plan.

Strategic Objective	Description
1. Liveability	We will be a healthy, connected and growing community supported by a range of infrastructure and services.
2. Prosperity	We will continue to build and strengthen a prosperous local economy, through sustainable growth and education. We will focus on creating jobs and wealth through adding value to existing strengths in all areas of our economy.
3. Harmony	We will be a welcoming community for all, recognised by our maturity and respect for each other.
4. Leadership	We will ensure accountable leadership, advocacy and transparent decision making.

2. Services and initiatives and service performance outcome indicators

This section provides a description of the services and initiatives to be funded in the budget for the 2024/25 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations.

Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the budget and report against them in its Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

3. Financial statements

This section presents information in regard to the Financial Statements and Statement of Human Resources. The budget information for the year 2024/25 has been supplemented with projections to 2027/28.

This section includes the following financial statements prepared in accordance with the *Local Government Act 2020* and the *Local Government (Planning and Reporting) Regulations 2020*.

- 3.1 Comprehensive Income Statement
- 3.2 Balance Sheet
- 3.3 Statement of Changes in Equity
- 3.4 Statement of Cash Flows
- 3.5 Statement of Capital Works
- 3.6 Statement of Human Resources

Council also prepares a Rates Determination Statement as part of the budget process which is in section 3.7. The Rates Determination Statement is not one of the financial statements mandated by the Local Government Regulations. Council prepares this statement so we can determine the surplus based on the level of rates and charges raised and budgeted operational and capital transactions.

The Rates Determination Statement does not include profit/loss on sale of assets or depreciation, which are both non-cash. It shows both the income and expenses for capital projects and net monies transferred to/from reserves, such as loan principal to repay interest only loans when they mature.

4. Notes to the financial statements

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Budget, rates and charges were identified as a significant source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2024/25 the FGRS cap has been set at 2.75%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rates will increase by the rate cap of 2.75%. Council does not have a municipal charge applicable to each property.

This will raise total rates and charges for 2024/25 of \$33.31 million.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change \$'000 %	
General rates*	27,563	28,424	861	3.1%

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa
- Changes in rating from CIV to rate agreements (solar farms).

4.1.1(n) Differential rates

The rate and amount of rates payable in relation to land in each category of differential are:

- A general rate of 0.424200 per cent (0.00424200 cents in the dollar of CIV) for all rateable properties not covered by a specific differential rate.
- An urban rate of 0.441168 per cent (0.00441168 cents in the dollar of CIV) for all rateable residential and industrial properties serviced with Council provided drainage infrastructure.
- A vacant residential land rate of 1.357440 per cent (0.01357440 cents in the dollar of CIV) for vacant residential land within the townships of Swan Hill and Robinvale that does not have a permanent dwelling established on it five years after it was last zoned residential or three years after it was last sold as a subdivided residential allotment.
- A commercial rate of 0.551460 per cent (0.00551460 cents in the dollar of CIV) for land used for commercial purposes within the Swan Hill and Robinvale townships serviced by Council provided drainage infrastructure.
- A dry land farming rate of 0.339360 per cent (0.00339360 cents in the dollar of CIV) for farmland without access to irrigation infrastructure that is primarily used for broadacre cropping and sheep production with an allocated Australia Valuation Property Classification Codes (AVPCC) of 510, 520, 523, 524 or 530.

Each differential rate will be determined by multiplying the CIV of rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council believes each differential rate will contribute to the equitable and efficient carrying out of Council functions. Details of the objectives of each differential rate, the types of classes of land which are subject to each differential rate and the uses of each differential rate are set out below.

Urban rate

- a. **Objective** – The differential is to help reflect the easier access to any additional services, such as drainage and kerb and channel for properties in Swan Hill and Robinvale.
- b. **Types and classes of land** – Residential and industrial land serviced with Council provided drainage infrastructure.
- c. **Geographic location** – Swan Hill and Robinvale townships.
- d. **Use of land** – Residential or industrial.
- e. **Planning scheme zone** – Residential or industrial zoned land.
- f. **Types of buildings** – Any including vacant land unless specifically covered by the vacant land rate.
- g. **Rate** – The rate is set at 4 per cent higher than the general rate.

Vacant residential land

- a. **Objective** – To discourage land banking and speculation, encourage the construction of residences and help offset the additional infrastructure costs incurred to service residential land.
- b. **Types and classes of land** – Vacant residential land within the townships of Swan Hill and Robinvale that does not have a permanent dwelling established on it five years after it was last zoned residential or three years after it was last sold as a subdivided residential allotment.
- c. **Geographic location** – Swan Hill and Robinvale townships.
- d. **Use of land** – Residential.
- e. **Planning scheme zone** – All residential zones.
- f. **Types of buildings** – Vacant land and land without a permanent dwelling.
- g. **Rate** – The rate is set at 320 per cent of the general rate (307.7 per cent of the urban rate), where applicable.

Commercial rate

- a. **Objective** – The differential is set to help reflect the higher level of services and infrastructure to commercial properties in the serviced areas of Swan Hill and Robinvale townships and to help reflect the lower level in movement in commercial property values compared to other properties over the last 20 years.
- b. **Types and classes of land** – Land used for commercial purposes within the Swan Hill and Robinvale townships serviced by Council provided drainage infrastructure.
- c. **Geographic location** – Swan Hill and Robinvale townships.
- d. **Use of Land** – Commercial.
- e. **Planning scheme zoning** – Business, industrial or residential 1 zones.
- f. **Types of buildings** – Any building used for a commercial purpose and vacant business land.
- g. **Rate** – The rate is set 30 per cent higher than the general rate, and 25 per cent higher than the urban rate, where applicable.

Dry land farming rate

- a. **Objective** – The differential rate is to help reflect the increased difficulty in accessing the full range of Council services that dry land farming properties face, the disproportionate increase in property values over the last several years and the increased risk of seasonal income variations than faced by other properties.
- b. **Types and classes of land** – Farmland without access to irrigation infrastructure that is primarily used for broadacre cropping and sheep production within AVPCC of 510, 520, 523, 524 or 530.
- c. **Geographic location** – Anywhere in the municipality.
- d. **Use of land** – Broadacre cropping and sheep production with AVPCC of 510, 520, 523, 524 or 530.
- e. **Planning scheme zoning** – Farmland.
- f. **Types of buildings** – Any or none.
- g. **Rate** – The rate is set 20 per cent below the general rate.

4.1.2 Statutory fees and fines

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change \$'000 %	
Infringements and costs	130	130	-	-

Other fees and fines	68	75	7	10.3%
Total statutory fees and fines	900	1,070	170	18.8%

Statutory fees and fines relate mainly to charges levied in accordance with legislation and include animal registrations, *Public Health and Wellbeing Act 2008* registrations and parking fines. Increases in statutory fees and fines are made in accordance with legislative requirements.

Statutory fees and fines are forecast to increase by 18.8 per cent compared to 2023/24. The majority of this increase is due to increased building & planning activity.

A detailed listing of statutory fees is included in Appendix A.

4.1.3 User fees

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change	
			\$'000	%

Waste management services	399	399	-	-
Total user fees	4,751	4,392	(359)	(7.5%)

User charges relate mainly to the recovery of service delivery costs through charging fees to Council service users. This includes use of leisure, entertainment and other community facilities and the provision of human services such as after school, vacation care and home care services. In setting the budget, the key principle for determining the level of user charges has been to ensure that increases do not exceed CPI increases or market levels. User charges are projected to decrease by 7.5 per cent or \$0.36 million from 2024/25. The decrease in the aged and health services is due council transitioning out of aged and disability care. As of the 31st of May 2024 council will no longer be an aged and disability provider for the community. A detailed listing of fees and charges is included in Appendix A.

4.1.4 Grants

Total Grants	24,900	17,624	(7,276)	(29.2%)

Operating grants - include all monies received from State and Federal sources for the purposes of delivering Council services to ratepayers.

Overall, the level of operating grants is projected to increase by 81.5 per cent or \$4.9 million compared to 2023/24. The 2023/24 grants commission allocation had 100% of the allocation prepaid in the 2022/23 year. The 2024/25 allocation is budgeted to be received in full in the year it's due.

Capital grants - include all monies received from State, Federal and community sources for the purposes of funding the capital works program.

Overall the level of capital grants has decreased by 29.2 per cent or \$7.3 million compared to 2023/24. Refer to Section 4.5 for a detailed analysis of the capital grants and contributions expected to be received during the 2024/25 year.

Other	135	128	(7)	(5.2%)
Total other income	7,182	9,095	1,913	26.6%

Other income relates to a range of items that do not fit the earlier classifications. The majority of this income is represented by land sales at Tower Hill, interest and reimbursements.

4.1.7 Employee costs

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change	
			\$'000	%

Other	165	174	9	5.5%
Total employee costs	23,482	21,723	(1,759)	(7.5%)

Employee costs include all direct labour related expenditure such as wages, salaries and indirect costs (overheads) such as staff training, leave entitlements, employer superannuation and WorkCover. It also includes temporary staff employed through agencies. It does not include direct labour associated with capital projects (\$0.30 million). See Section 3.6.

Employee costs are forecast to decrease by 7.5 per cent or \$1.76 million compared to 2023/24 forecast actuals or 2 per cent decrease compared to the 2023/24 budget. Key factors of this movement are:

- Filling a number of vacant permanent positions. These positions were vacant for part of 2023/24 resulting in savings during the year.
- Council's transition out of age and disability care.
- Increase in the superannuation guarantee.
- Council's Enterprise Bargaining Agreement increase.
- Merit based salary movements paid in addition to the general EBA increase.
- A reduction in temporary staff employed through employment agencies, resulting in a saving of \$0.39 million.

Total materials and services	24,946	21,625	(3,321)	(13.2%)

Materials and services include the purchase of consumables, payments to contractors for the provision of services, utility costs and non-recurrent major operational projects. Non-recurrent major projects are those operational projects identified via Council's Major Projects Plan. Budgeted major project expenditure in 2024/25 is \$3.2 million. A full list of non-capitalised major projects is provided in Appendix B. Materials and services are forecast to decrease by 13.2 per cent or \$3.3 million compared to 2023/24.

4.1.9 Depreciation

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change \$'000 %	
Property	2,327	2,482	155	6.7%

Cultural and heritage	1,484	2,288	804	54.2%
Total depreciation	13,607	15,161	1,554	11.4%

Depreciation is an accounting measure that attempts to allocate the value (consumption) of an asset over its useful life for Council's property, plant and equipment and infrastructure assets such as roads and drains. The increase of \$1.55 million for 2024/25 is due mainly to the completion of the 2023/24 capital works program and the full year effect of depreciation on these capital projects, along with the effects of revaluations performed in 2023/24. Refer to Section 4.5 for a more detailed analysis of Council's capital works program for the 2024/25 year.

4.1.10 Depreciation – right of use assets

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change \$'000 %	
Property	127	134	7	(5.5%)
Total depreciation – right of use assets	127	134	7	(5.5%)

Depreciation is the decline in value of a right of use asset over the period of a lease.

4.1.11 Other expenses

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change \$'000 %

Other	134	123	(11)	(8.2%)
Total other expenses	981	1,018	37	3.8%

Other expenses include audit fees, Councillor allowances, legal costs, bank charges, fire service levy on Council properties, operating lease rentals and vehicle registrations.

4.2 Balance Sheet

4.2.1 Assets

Current Assets (\$13.18 million decrease) and Non-Current Assets (\$18.76 million increase)

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash, and the value of investments in term deposits or other highly liquid investments with short term maturities. Current asset balances are projected to decrease by \$13.18 million during the year as new and carried forward capital works projects are completed.

Trade and other receivables are monies owed to Council. Short term debtors are not expected to change significantly in the budget. Long term debtors (non-current) also remain unchanged as the outstanding debt to Council is yet to fall due. Other assets include items such as prepayments for expenses that Council has paid in advance of service delivery and accrued income.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles and equipment that Council has built up over many years. The \$18.76 million increase in this balance is attributable to the net result of the capital works program (\$35.18 million of capital works) and the revaluation of infrastructure assets (\$0.08 million), less the depreciation of assets (\$15.16 million) and the sale of property, plant and equipment (\$1.71 million).

4.2.2 Liabilities

Current Liabilities (\$0.67 million decrease) and Non-Current Liabilities (\$0.86 million decrease)

Trade and other payables are those to whom Council owes money as at 30 June. These liabilities are budgeted to remain consistent with 2023/24 levels.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees. These employee entitlements are expected to decrease marginally due to more active management of leave entitlements despite factoring in an increase for Collective Agreement outcomes, and the withdrawal of Aged Care Staff.

Interest-bearing liabilities are borrowings of Council. Council is budgeting to repay loan principal of \$0.28 million over the year. No new borrowings are required to help fund our future capital works programs.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	2023/24 \$'000	2024/25 \$'000	2025/26 \$'000	2026/27 \$'000	2027/28 \$'000
Amount borrowed as at 30 June of the prior year	2,347	2,069	1,785	997	701
Amount proposed to be borrowed	-	-	-	-	-
Amount projected to be redeemed	278	284	788	296	304
Amount of borrowings as at 30 June	2,069	1,785	997	701	397

Council also sets aside cash to fund the principal repayment of interest only loans when they mature. The repayment of this loan will occur in 2025/26 (\$0.5 million). As at 30 June 2024 Council will have \$0.3 million in cash reserves to fund these repayments. Therefore net borrowings will be \$1.77 million at 30 June 2024.

4.2.4 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000
Right-of-use assets		
Property	109	399
Total right-of-use assets	109	399
Lease liabilities		
Current lease liabilities		
Land and buildings	61	124
Total current lease liabilities	61	124
Non-current lease liabilities		
Land and buildings	59	280
Total non-current lease liabilities	59	280
Total lease liabilities	120	404

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities. The current incremental borrowing rate is 4.43%.

4.3 Statement of changes in Equity

4.3.1 Equity

Equity (\$6.4 million increase)

Total equity always equals net assets and is made up of the following components:

- Accumulated surplus, which is the value of all net assets less reserves that have accumulated over time. The increase is due to the budgeted operational surplus and asset revaluations.
- Reserves, including the asset revaluation reserve, represents the difference between the previously recorded value of assets and their current valuations, as well as other reserves that Council wishes to set aside to meet a specific purpose in the future and to which there is no existing liability.

4.4 Statement of Cash Flows

4.4.1 Net cash flows provided by operating activities

Operating activities (\$2.9 million increase)

The net cash flows from operating activities refer to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for service provision to the community might be available for investment in capital works or repayment of debt. Operating activities will generate \$20.34 million during 2024/25. This is a 16.5 per cent increase on the forecast \$17.46 million generated in 2023/24.

4.4.2 Net cash flows used in investing activities

Investing activities (\$1.1 million decrease)

The significant value of payments for investing activities represents the capital works expenditure detailed in Section 4.5 of this budget report. Proceeds from sale of assets are forecast to increase by \$1.25 million.

4.4.3 Net cash flows used in financing activities

Financing activities (\$0.02 million decrease)

For 2024/25 the total of principal repayments is projected to be \$0.28 million and finance charges to be \$0.06 million. Repayment of lease liabilities is forecasts to be \$0.14 million with interest on the lease liabilities to be \$0.22 million. No new borrowings are forecast.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken in 2024/25, classified by expenditure type and funding source. Works are also disclosed as current budget (4.5.2) or carried forward projects from prior year (4.5.3).

5a. Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives. The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

Targeted performance indicators - Service

Key to Forecast Trend:

- + increase in Council's overall targets
- o maintaining Council's overall targets
- decrease in Council's overall targets

Notes to indicators**5a**

- Roads** - Sealed local roads below the intervention level decreases in 2023 and 2024, due to the flood impacts from the October 2022 flood event. The renewal percentage will return to expected levels once flood repairs are complete.
- Statutory planning** - The percentage of planning applications decided within the required time, decreases in 2023 due to the inability to recruit qualified staff. Improvements in future years assumes staffing levels return to normal.
- Waste management** - The introduction of Food Organics Garden Organics (FOGO) service in 2025, results in an increasing percentage of kerbside collection waste diverted from landfill.
- Liquidity** – Council has held unspent cash primarily from government stimulus programs which has improved our liquidity position. The ratio is forecast to decrease in 2024/25 as these funds are spent and projects delivered.

5b. Financial performance indicators

The following table highlights Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives.

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators**5b****1. Adjusted underlying result**

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Improvement in financial performance expected over the period, although continued losses means reliance on Council's cash reserves or increased debt to maintain services.

2. Unrestricted cash

Unrestricted cash is cash and cash equivalents that are available for use and free of obligations. Higher unrestricted cash relative to current liabilities suggest that a council can pay its bills on time.

3. Loans and borrowings

Trend indicates Council's reducing reliance on debt against its annual rate revenue through redemption of long term debt.

4. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates Council will become more reliant on rate revenue compared to all other revenue sources.

Glossary of Terms

Act	Local Government Act 2020.
Accounting standards	Australian accounting standards are set by the Australian Accounting Standards Board (AASB) and have the force of law for Corporations law entities under section 296 of the Corporations Act 2001. They must also be applied to all other general purpose financial reports of reporting entities in the public and private sectors.
Adjusted underlying revenue	The adjusted underlying revenue means total income other than non-recurrent grants used to fund capital expenditure, non-monetary asset contributions and contributions to fund capital expenditure from sources other than grants and non-monetary contributions.
Adjusted underlying surplus (or deficit)	The adjusted underlying surplus (or deficit) means adjusted underlying revenue less total expenditure. It is a measure of financial sustainability of the Council which can be masked in the net surplus (or deficit) by capital-related items.
Annual reporting requirements	Annual reporting requirements include the financial reporting requirements of the Act, accounting standards and other mandatory professional reporting requirements.
Asset expansion expenditure	Expenditure that extends the capacity of an existing asset to provide benefits to new users at the same standard as is provided to existing beneficiaries.
Asset renewal expenditure	Expenditure on an existing asset or on replacing an existing asset that returns the service capability of the asset to its original capability.
Asset upgrade expenditure	Expenditure that: (a) enhances an existing asset to provide a higher level of service; or (b) increases the life of the asset beyond its original life.
AVPC Code	Australian Valuation Property Code
Balance sheet	<p>The budgeted statement of financial position shows the expected net current asset, net non-current asset and net asset positions in the forthcoming year compared to the forecast actual in the current year.</p> <p>The budgeted balance sheet is prepared in accordance with the requirements of AASB 1040 – Balance Sheet.</p>
Comprehensive income statement	The budgeted comprehensive income statement shows the expected operating result in the forthcoming year compared to the forecast actual result in the current year. The budgeted income statement should be prepared in accordance with the requirements of AASB101 Presentation of Financial Statements and the Local Government Model Financial Report.
Financial statements	Financial statements and notes prepared in accordance with the Local Government Model Financial Report, Australian Accounting Standards and other applicable standards as they apply to the general purpose financial reports and statement of capital works, included in the annual report.
Statement of capital works	The budgeted statement of capital works shows the expected internal and external funding for capital works expenditure and the total proposed

	capital works expenditure for the forthcoming year with a comparison with forecast actual for the current year. The budgeted statement of capital works should be prepared in accordance with Regulation 9.
Statement of cash flows	The budgeted statement of cash flows shows the expected net cash inflows and outflows in the forthcoming year in the form of reconciliation between opening and closing balances of total cash and investments for the year. Comparison is made to the current year's expected inflows and outflows. The budgeted cash flow statement should be prepared in accordance with the requirements of AASB 107 – Statement of cash flows and the Local Government Model Financial Report.
Statement of changes in equity	The budgeted statement of changes in equity shows the expected movement in accumulated surplus and reserves for the year. The budgeted statement of changes in equity should be prepared in accordance with the requirements of AASB 101 – Presentation of financial statements and the Local Government Model Financial Report.
Budget preparation requirement	Under the Act, a Council is required to prepare and adopt the annual budget by 30 June each year, or any other date fixed by the Minister by notice published in the Government Gazette.
Capital expenditure	Capital expenditure is relatively large (material) expenditure which produces economic benefits expected to last for more than 12 months. A pre-determined 'threshold' may be used which indicates the level of expenditure deemed to be material in accordance with Council's policy. Capital expenditure includes new, renewal, expansion and upgrade. Where capital projects involve a combination of renewal, expansion and upgrade expenditures, the total project cost needs to be allocated accordingly.
Capital works program	A detailed list of capital works expenditure that will be undertaken during the financial year. Regulation 10 requires that the budget contains a detailed list of capital works expenditure and sets out how that information is to be disclosed by reference to asset categories, asset expenditure type and funding sources.
Carry forward capital works	Carry forward capital works are those that are incomplete in the current budget year and will be completed in the following budget year.
Council Plan	<p>This document sets out the medium-term goals and objectives as part of the overall strategic planning framework.</p> <p>Prepared under Section 90 of the Act, the Council Plan is part of the overall strategic planning framework. The strategic planning framework includes:</p> <ul style="list-style-type: none"> • The rates and charges strategy • Asset management plan, and; • Other strategic documents <p>While each of these detailed strategic planning documents are specific to their own purposes and can have different timeframes, the Council Plan brings together information from each of these documents to report to the community in a concise form.</p> <p>As a minimum a Council Plan must include:</p> <ul style="list-style-type: none"> • The strategic objective of the Council • Strategic objectives for achieving the strategic direction • Strategies for achieving those objectives for at least the next four years • Strategic indicators for monitoring the achievement of those objectives

	<ul style="list-style-type: none"> • A description of the Council's initiatives and priorities for services, infrastructure and amenity • any other matters prescribed by the regulations.
Discretionary reserves	Discretionary reserves are funds earmarked by Council for various purposes. Councils can by resolution change the purpose of these reserves.
External funding sources (analysis of capital budget)	External funding sources relate to grants or contributions, which will be received from parties external to the Council. It also includes the proceeds of assets sold to fund the capital works program.
Financial sustainability	A key outcome of the Budget. Longer term planning is essential in ensuring that a Council remains financially sustainable in the long term.
Financing activities	Financing activities means those activities which relate to changing the size and composition of the financial structure of the entity, including equity and borrowings not falling within the definition of cash.
Infrastructure	Physical assets of the entity or of another entity that contribute to meeting the public's need for access to major economic and social facilities and services.
Investing activities	Investing activities means those activities which relate to acquisition and disposal of non-current assets, including property, plant and equipment and other productive assets, and investments not falling within the definition of cash.
Key assumptions	When preparing a budgeted balance sheet of financial position, key assumptions upon which the statement has been based should be disclosed in the budget to assist the reader when comparing movements in assets, liabilities and equity between budget years.
Key budget outcomes	The key activities and initiatives that will be achieved in line with the Council Plan.
Legislative framework	The Act, Regulations and other laws and statutes under which Council governance and reporting requirements are set.
Local Government Model Financial Report	Local Government Model Financial Report published by the Department from time to time including on the Department's Internet website.
Local Government (Planning and Reporting) Regulations 2020	<p>The objective of these Regulations, made under section 325 of the Local Government Act 2020 and which came into operation on 24 October 2020, is to prescribe:</p> <ol style="list-style-type: none"> a. The content and preparation of the financial statements of a Council. b. The performance indicators and measures to be included in a budget, revised budget and annual report of a Council. c. The information to be included in a Council Plan, Strategic Resource Plan, budget, revised budget and annual report. d. Other matters required to be prescribed under Parts 9 of the Act.
New asset expenditure	Expenditure that creates a new asset that provides a service that does not currently exist.
Non-financial resources	Resources of a non-financial nature (such as human resources, information systems and processes, asset management systems) which are consumed by a Council in the achievement of its strategic resource plan goals.

Non-recurrent grant	A grant obtained on the condition that it be expended in a specified manner and is not expected to be received again during the period covered by a Council's projected budget.
New capital expenditure	New capital expenditure does not have any element of upgrade to existing assets. New capital expenditure may or may not result in additional revenue for Council and will result in an additional burden for future operation, maintenance and capital renewal.
Operating activities	Operating activities means those activities that relate to the provision of goods and services.
Operating expenditure	Operating expenditure is defined as consumptions or losses of future economic benefits, in the form of reductions in assets or increases in liabilities and that result in a decrease in equity during the reporting period.
Operating revenue	Operating revenue is defined as inflows or other enhancements, or savings in outflows of future economic benefits, in the form of increases in assets or reductions in liabilities and that result in an increase in equity during the reporting period.
Own-source revenue	Adjusted underlying revenue other than revenue that is not under the control of Council (including government grants).
Performance statement	Performance statement prepared by a Council under section 98 of the Act. A performance statement must be included in the annual report of a Council and include the results of the prescribed service outcome indicators, financial performance indicators and sustainable capacity indicators for the financial year.
Rates determination statement	The rates determination statement is used to determine the surplus/deficit based on the level of rates and charges raised. It does not include profit/loss on sale of assets or depreciation, which are both non-cash items. It shows both the income and expenses for capital projects and net monies from reserve transfers.
Rating strategy	A rating strategy is the process by which the Council's rate structure is established and how the quantum of rate changes has been determined, taking into consideration longer term philosophy issues and framework.
Recurrent grant	A grant other than a non-recurrent grant.
Regulations	Local Government (Planning and Reporting) Regulations 2020.
Restricted cash	Cash and cash equivalents, within the meaning of the AAS, that are not available for use other than a purpose for which it is restricted and include cash to be used to fund capital works expenditure from the previous financial year.

Services, initiatives and major initiatives

Section 94 of the Act requires a budget to contain a description of the services and initiatives to be funded by the budget, along with a statement as to how they will contribute to the achievement of the Council's strategic objectives as specified in the Council Plan.

The budget must also include major initiatives, being initiatives identified by the Council as priorities to be undertaken during the financial year. The services delivered by Council means assistance, support, advice and other actions undertaken by a council for the benefit of the local community.

Initiatives mean actions that are once-off in nature and/or lead to improvements in service.

Major initiatives mean significant initiatives that will directly contribute to the achievement of the Council Plan during the current year and have a major focus in the budget.

Statement of capital works

Means a statement of capital works prepared in accordance with the Local Government Model Financial Report. Refer also Commentary Budgeted Statements section 3.5.

Statement of human resources

Means a statement which shows all Council staff expenditure and the number of full time equivalent Council staff. Refer also Commentary Budgeted Statements section 3.6.

Statutory reserves

Statutory reserves are funds set aside for special statutory purposes in accordance with various legislative and contractual requirements. These reserves are not available for other purposes.

Strategic planning framework

A 'community owned' document or process which identifies the long term needs and aspirations of the Council, and the medium and short term goals and objectives which are framed within the long term plan.

Unrestricted cash

Unrestricted cash represents all cash and cash equivalents other than restricted cash.

Working capital

Working capital is the balance of cash and investments not set aside for statutory and discretionary reserves.

2.2 Amendment of Section 173 Agreement - 52 Little Murray Weir Road, Castle Donnington

Directorate: Development and Planning
File Number: .
Purpose: For Discussion

EXECUTIVE SUMMARY

Application Number:	N/A
Proposal:	Amend a Section 173 Agreement
Applicant's Name:	Steve and Judith Hamann
Address:	52 Little Murray Weir Road, Castle Donnington
Land Size:	31.11 ha
Zoning:	Farming Zone (Schedule)
Overlays:	<ul style="list-style-type: none"> • Environmental Significance Overlay (Schedule 1) • Land Subject to Inundation Overlay • Specific Controls Overlay (Schedule 1)

Declarations of Interest:

Council Officers affirm that no general or material conflicts need to be declared in relation to the subject of this report.

Recommendation/s

That Council refuses to provide “in-principle” support to amend the Section 173 Agreement for the land known as Lot 2, PS726414, 52 Little Murray Weir Road, Castle Donnington in accordance with Section 178A of the Planning and Environment Act 1987.

Summary:

The applicant is seeking to amend the Section 173 Agreement registered on the title of the subject land. The Planning & Environment Act 1987 allows this to occur, and the process requires Council to either provide “in principle” support or to not provide “in principle” support to amend or end the Section 173 Agreement as the first step. As the Agreement is signed and sealed by Council, it is necessary that Council, not a delegate provide this approval.

Discussion

The subject site is located on the south side of Little Murray Weir Road. The site is triangular having an area of 31.11 hectares. Only a small agricultural building exists on the land, sited along the road frontage to the north. The site is flat and is used for agriculture. The surrounding area displays agricultural character having larger lots being used for farming. Lots further south and south-west are smaller in size comprising dwellings with associated outbuildings.

The applicant is seeking to amend the Section 173 Agreement registered on the title of the subject land. In particular, the applicant is seeking to amend the Section 173 Agreement by removing the Clause 3.5 from the Agreement which reads as:

“A dwelling or any other Building to be used for Accommodation purposes must not be constructed on the Lot 2 Land and any Building on Lot 2 Land must not be used for the purposes of a Dwelling or Accommodation.”

The agreement was registered on the title in September 2016 to comply with a planning permit condition for a two-lot boundary realignment in the Farming Zone in the form of dwelling excision. The Section 173 Agreement was required by Council at the time of the subdivision to avoid the fragmentation of the agricultural land and to avoid the proliferation of the dwellings in the area.

The subject site is located within Farming Zone and under the Farming Zone, a permit is required for the use and development of the land for a dwelling if the land size is less than 20 hectares (irrigated farmland). Prior to the approval of subdivision in 2015, the area of the lot comprising the dwelling was 26.04 hectares and the area of the vacant lot was 12.08 hectares. The subdivision of the land resulted in area of the dwelling lot being 7.005 hectares and the area of the vacant agricultural lot being 31.11 hectares. The subdivision was approved because the proposal would result in the creation of a large agricultural parcel of land to support agriculture. Removing the no further dwelling requirement from the Section 173 Agreement will result in an “as of right” (no permit required) dwelling entitlement on the land which the land did not have prior to the issuing of the subdivision permit in 2015.

A planning permit for the development of a dwelling will still be required by the Land Subject to Inundation Overlay but only for buildings and works and not for the use of the land, should the agreement be amended. This will not be considered as protection of agricultural land and will result in fragmentation of agricultural land.

The planning permit was supported because of the 173 Agreement provision in relation to no further dwellings to protect the agricultural land. One of the lots that were involved in the subdivision had a dwelling and the other lot was vacant and was smaller than the minimum lot size requirement to have an as of right dwelling (without a use permit). The subdivision was therefore supported to maintain the status quo for the land and to not have more dwelling entitlements than what had existed. The owner agreed and entered into the Section 173 Agreement with the Council.

Section 178A of the Planning and Environment Act 1987 requires Council to notify the owner of the subject land as to whether it agrees in principle to a proposal to amend or end a Section 173 Agreement. This is the first step in processing such an application. If consent is given the next step is to give notice to all other parties to the agreement, following the standard planning advertising giving them 14 days to comment. If consent is not given, then that would be the end of the matter.

It is recommended that Council should not support the amendment of the Section 173 Agreement due to the following reasons:

- Original subdivision was approved on the basis of the owner entering into the Section 173 Agreement with the Council;
- There has been no material change in planning policy or in the locality that would support the amendment to the agreement;
- Amendment to the Section 173 Agreement would result in fragmentation of agricultural land by allowing a non-agricultural use and would also result in proliferation of dwellings within productive agricultural area.

Consultation:

If refused, Council would advise the applicant in writing that it does not provide in-principle support to amend the Section 173 Agreement.

If approved, then it is likely that notice to neighbours would be given as the agreement is registered on the adjoining landowner's title to the east.

Financial Implications:

All legal costs are borne by the applicant.

Social Implications:

Not applicable.

Economic Implications:

Not applicable.

Environmental Implications:

Any impacts will be assessed as part of the application process.

Risk Management Implications:

Council is following a legislative process, and this minimises risk.

Conclusion:

Council should not provide in-principle support to amend the Section 173 Agreement to allow a dwelling at 52 Little Murray Weir Road, Castle Donnington.

Reason for the proposed change to the Agreement
We would like to have an Agreement that allows a dwelling to be built on the property. The last agreement made was an boundary realignment to create a bigger farm on the property. It was already in 2 titles. We did not want to have this agreement like this but we were assured that we could amend it later. Because of this current agreement we are unable to sell our property to enable us to move on to purchase another property. Please see attached pages.
Has written consent to the proposed change been obtained from all parties to the Agreement?
No

Declaration

I declare that I am the applicant, and that all the information in this application is true and correct; and the owner (if not myself), has been notified of the application.

We are renting in Bendigo and need the funds from this sale to buy a house in Bendigo to reduce the time and cost of travel to receive my treatment.

Now that the minimum land requirement for a dwelling is 20 Hec It qualifies for that. We have a local Lady ready to purchase the property if we can amend the Agreement; she wants to retire to the farm and farm and enjoy her life.

Thank You

AN124482C

THIS AGREEMENT is made the 18 day of September 2016

BETWEEN

1. **Swan Hill Rural City Council** of 45 Splatt Street, Swan Hill in the State of Victoria (the "Responsible Authority") and
- 2.

RECITALS:

- R.1. The Owner is the registered proprietor of the land known as 108 Little Murray Weir Road, Castle Donnington Victoria in the said State, being the land contained in Certificates of Title Volume 9505 folio 804 and Volume 9367 Folio 315 (the "Land").
- R.2. The Responsible Authority is responsible for the administration and enforcement of the Planning Scheme pursuant to the provisions of the Act.
- R.3. The Responsible Authority issued planning permit number 2015/128 on 26/11/2015 allowing two lot boundary realignment (dwelling excision) in the Farming zone and Land Subject to Inundation Overlay generally in accordance with the endorsed plans (the "Permit").
- R.4. Condition 2 of the Permit provides as follows:

Prior to the issue of a Statement of Compliance for the subdivision, the Owner of the lots must enter into an agreement with the Responsible Authority in accordance with Section 173 of the Planning and Environment Act 1987. The Agreement must provide for:

- (a) *No dwelling or accommodation may be constructed on the vacant agricultural lot being Lot 2 PS726414.*
- (b) *The lot size of the agricultural lot, Lot 2 PS726414, may not be reduced through any subdivision.*
- (c) *The owner of Lot 1 PS 726414 acknowledges that the dwelling is located within an agricultural area and may be detrimentally affected by agricultural practices on adjoining and nearby land.*

Agreement must be made to the Registrar of Titles to register the Section 173 Agreement on the title to the land under Section 181 of the same Act.

The Owner must pay all costs (including Council's costs) associated with the preparation, execution, registration and (if later sought) cancellation of the Section 173 Agreement.

- R.5. This Agreement is entered into between the Responsible Authority and the Owner pursuant to section 173 of the Act in order to meet the requirements of condition (2) of the Permit and to achieve and advance the objectives of planning in Victoria.
- R.6. As at the date of this Agreement, the Land is encumbered by a mortgage in favour of the Mortgagee. The Mortgagee consents to the Owner entering into this Agreement.

IT IS AGREED AS FOLLOWS:

Definitions

1. In this Agreement unless inconsistent with the context or subject matter:

Lot 1 Land

- 3.1. the area surrounding the Lot 1 Land is used and will likely be continued to be used for agricultural uses;
- 3.2. Rural Activity Effects may be experienced by the Owner and occupants of the Lot 1 Land as a result of agricultural activities occurring on the surrounding land, which may cause a loss of residential amenity; and
- 3.3. existing agricultural and rural uses surrounding the Lot 1 Land have a legal right to continue to use and farm that land.

Lot 2 Land

The Owner covenants and agrees that:

- 3.4. the Lot 2 Land must not be further subdivided so as to reduce its area; and
- 3.5. a Dwelling or any other Building to be used for Accommodation purposes must not be constructed on the Lot 2 Land and any Building on the Lot 2 Land must not be used for the purposes of a Dwelling or Accommodation.

Further Covenants of the Owner

4. The Owner warrants and covenants with the Responsible Authority that:
 - 4.1. It is the registered proprietor (or entitled to be so) of the Land;
 - 4.2. Save as shown in the certificate of title to the Land, there are no mortgages, liens, charges, easements or other encumbrances or any rights inherent in any person affecting the Land or any part thereof and not disclosed by the usual searches;

- 4.3. Neither the Land nor any part of it is subject to any right obtained by adverse possession or subject to any easements, rights or encumbrances mentioned in section 42 of the *Transfer of Land Act 1958* (Vic);
- 4.4. It has not entered into any contract of sale or lease in respect of the Land or any part thereof which option, contract or lease is still subsisting;
- 4.5. It will not sell, transfer, dispose of, assign, mortgage or otherwise part with possession of the Land or any part thereof without first providing to its successors a copy of this Agreement;
- 4.6. The Owner:
 - 4.6.1. must do all things necessary to give effect to this Agreement;
 - 4.6.2. consents to Council applying to the Registrar of Titles to record this Agreement on the certificate of title of the Land in accordance with section 181 of the Act; and
 - 4.6.3. agrees to do all things necessary to enable Council to do so, including:
 - (a) sign any further agreement, acknowledgement or document; and
 - (b) obtain all necessary consents to enable the recording to be made.
- 4.7. the Owner must pay to Council within 14 days after a written request for payment, Council's costs and expenses (including legal expenses) relating to this Agreement, including:
 - 4.7.1. preparing, drafting, finalising, signing, recording and enforcing this Agreement;
 - 4.7.2. preparing, drafting, finalising and recording any amendment to this Agreement; and
 - 4.7.3. preparing, drafting, finalising and recording any document to give effect to the ending of this Agreement.
- 4.8. It will do all that is necessary to enable the Responsible Authority to make an application to the Registrar of Titles to make a recording of this Agreement on the Certificate of Title to the Land in accordance with Section 181 of the Act, including the signing of any further agreement, acknowledgment or other document;
- 4.9. Until such time as this Agreement is registered on the certificate of title to the Land, the Owner shall ensure that successors in title will give effect to this Agreement, and do all acts and sign all documents which will require those successors to give effect to this Agreement, including executing a deed agreeing to be bound by the terms of this Agreement; and
- 4.10. the Owner:
 - 4.10.1. must pay to Council interest in accordance with section 227A of the *Local Government Act 1989* on any amount due under this Agreement that is not paid by the due date.
 - 4.10.2. If interest is owing, Council will apply any payment made to interest and any balance of the payment to the principal amount.

Further assurance

5. The parties to this Agreement shall do all things necessary (including signing any further agreement, acknowledgement or document) to give full effect to the terms of this Agreement and to enable the Responsible Authority to register this Agreement on the titles to the Land in accordance with the Act.

Amendment

6. This Agreement may be amended only in accordance with the requirements of the Act.

No waiver

7. No waiver by any party of any default in the strict and literal performance of or compliance with any provision, condition or requirement in this Agreement will be deemed to be a waiver of strict and literal performance of and compliance with any other provision, condition or requirement of this Agreement nor to be a waiver of or in any way release any party from compliance with any provision, condition or requirement in the future nor will any delay or omission of any party to exercise any right under this Agreement in any manner impair the exercise of such right accruing to it thereafter.

No Fettering of Powers of Responsible Authority

8. The parties acknowledge and agree that this Agreement does not fetter or restrict the power or discretion of the Responsible Authority to make any decision or impose any requirements or conditions in connection with the granting of any planning approval or certification of any plans of subdivision applicable to the Land or relating to any use or development of the Land.

Notices

9. All notices and other communications under this Agreement will be sent by prepaid mail, by hand delivery, email or by facsimile to the addresses of the parties as specified in this Agreement or to such other address or person as any party may specify by notice in writing to the other party or parties, and may be sent by an agent of the party sending the notice. Each notice or communication will be deemed to have been duly received:
 - 9.1. not later than two business days after being deposited in the mail with postage prepaid;
 - 9.2. when delivered by hand;
 - 9.3. if sent by email upon production of a delivery confirmation report received by the sender which records the time the email was delivered unless the sender received a delivery failure notification; or
 - 9.4. if sent by facsimile transmission upon completion of that transmission and production of a transmission report stating that the facsimile was sent to the addressee's facsimile number.

Costs on Default

10. If the Owner defaults in the performance of any obligations under this Agreement it will pay to the Responsible Authority its reasonable costs of action taken to achieve compliance with this Agreement.

Jurisdiction

11. This Agreement will be governed by and construed in accordance with the law of the State of Victoria and each of the parties hereby submits to the jurisdiction of the Courts of the State of Victoria and the Victorian Civil and Administrative Tribunal.

Dear Mr Pye

PLANNING PERMIT NO.128
TWO LOT BOUNDARY REALIGNMENT (DWELLING EXCISION) IN THE
FARMING ZONE AND LAND SUBJECT TO INUNDATION OVERLAY
LOT 1 PS 131107 AND LOT 8 PS 131894
108 LITTLE MURRAY WEIR ROAD, CASTLE DONNINGTON

Under delegation of authority from Council, the above planning permit has been issued.

Please note:

1. The issue of this permit does not remove the need to obtain a Building Permit for either construction or demolition, or approval from the Health and Regulatory Services Manager, where connection is to septic tank or registration as required under the Health Act or any other Act.
2. It should be noted that this is a Planning Permit for the development of the land for a subdivision.
3. The conditions as listed must be met before a Statement of Compliance can be issued for the plan of subdivision.

Approval should also be obtained for any permit required pursuant to any other regulation. Any person carrying out development where the above permits have not been obtained may be liable to prosecution.

Please find enclosed a copy of the Planning Permit.

If you require any further information please contact the Planning Department on 5036 2352 or via email to planning@swanhill.vic.gov.au.

Areas of Aboriginal Cultural Heritage Sensitivity

All or part of this property is an 'area of cultural heritage sensitivity'

¹'Areas of cultural heritage sensitivity' are defined under the Aboriginal Heritage Regulations 2018, and include registered Aboriginal cultural heritage places and land form types that are generally regarded as more likely to contain Aboriginal cultural heritage.

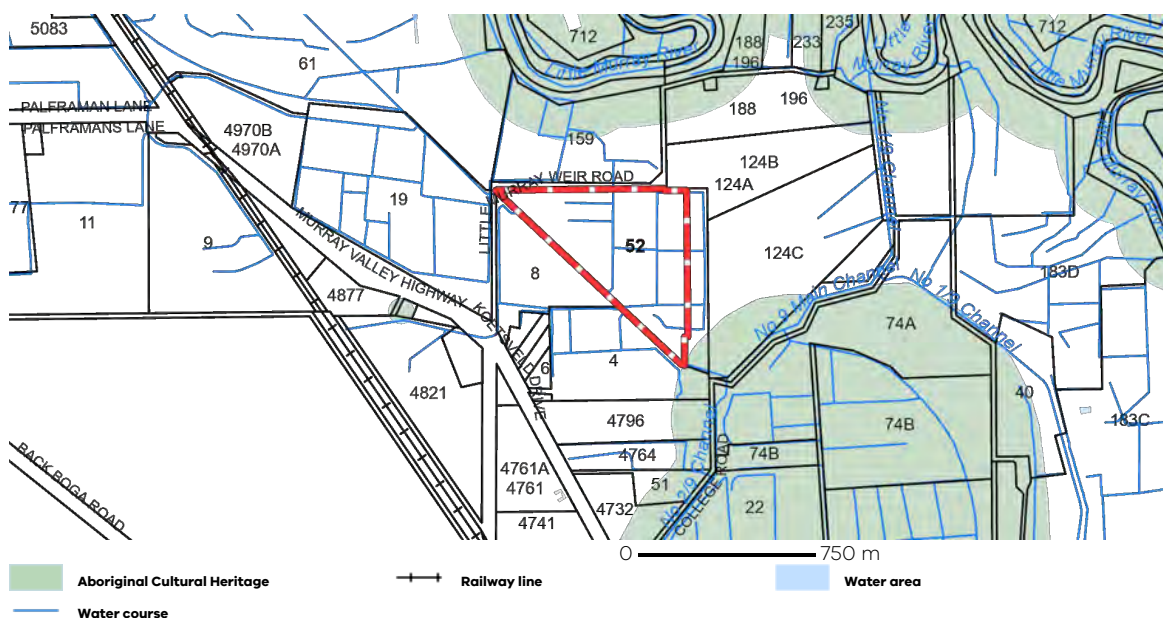

Under the Aboriginal Heritage Regulations 2018, 'areas of cultural heritage sensitivity' are one part of a two part trigger which require a 'cultural heritage management plan' be prepared where a listed 'high impact activity' is proposed.

If a significant land use change is proposed (for example, a subdivision into 3 or more lots), a cultural heritage management plan may be triggered. One or two dwellings, works ancillary to a dwelling, services to a dwelling, alteration of buildings and minor works are examples of works exempt from this requirement.

Under the Aboriginal Heritage Act 2006, where a cultural heritage management plan is required, planning permits, licences and work authorities cannot be issued unless the cultural heritage management plan has been approved for the activity.

For further information about whether a Cultural Heritage Management Plan is required go to <http://www.aav.nrms.net.au/aavQuestion1.aspx>

Designated Bushfire Prone Areas

This property is in a designated bushfire prone area. Special bushfire construction requirements apply to the part of the property mapped as a designated bushfire prone area (BPA). Planning provisions may apply.

Where part of the property is mapped as BPA, if no part of the building envelope or footprint falls within the BPA area, the BPA construction requirements do not apply.

Note: the relevant building surveyor determines the need for compliance with the bushfire construction requirements.

Designated BPA are determined by the Minister for Planning following a detailed review process. The Building Regulations 2018, through adoption of the Building Code of Australia, apply bushfire protection standards for building works in designated BPA.

Designated BPA maps can be viewed on VicPlan at <https://mapshare.vic.gov.au/vicplan/> or at the relevant local council.

Create a BPA definition plan in [VicPlan](https://mapshare.vic.gov.au/vicplan/) to measure the BPA.

Information for lot owners building in the BPA is available at <https://www.planning.vic.gov.au>.

Further information about the building control system and building in bushfire prone areas can be found on the Victorian Building Authority website <https://www.vba.vic.gov.au>. Copies of the Building Act and Building Regulations are available from <http://www.legislation.vic.gov.au>. For Planning Scheme Provisions in bushfire areas visit <https://www.planning.vic.gov.au>.

Native Vegetation

Native plants that are indigenous to the region and important for biodiversity might be present on this property. This could include trees, shrubs, herbs, grasses or aquatic plants. There are a range of regulations that may apply including need to obtain a planning permit under Clause 52.17 of the local planning scheme. For more information see [Native Vegetation \(Clause 52.17\)](#) with local variations in [Native Vegetation \(Clause 52.17\) Schedule](#).

To help identify native vegetation on this property and the application of Clause 52.17 please visit the Native Vegetation Information Management system <https://nvim.delwp.vic.gov.au/> and [Native vegetation \(environment.vic.gov.au\)](https://nativevegetation.environment.vic.gov.au/) or please contact your relevant council.

Domestic Animal Management Plan 2022-25

Declarations of Interest

Council Officers affirm that no general or material conflicts need to be declared in relation to the subject of this report.

Summary

This report provides an overview and direction on implementing a 24-hour cat containment order in the municipality and provides key feedback from the last round of community consultation. It outlines an implementation plan should Council resolve to introduce the cat containment order.

Discussion

Council responsibilities

Council is responsible for implementing and enforcing domestic cat management laws. This includes registration, identification, desexing, containment, impoundment, and reuniting lost pets with their owners. Councils can tailor domestic animal services to the needs of their community by setting registration fees, as well as through Domestic Animal Management Plans (DAMPs), and introducing local laws on cat containment, desexing and pet limits.

During consultation for our 2021-25 Domestic Animal Management Plan (DAMP), the overwhelming feedback from the online survey indicated our priorities should be aimed at addressing cat nuisance issues such as confinement, overpopulation, and the promotion of cat desexing.

As a result, an action arising from the DAMP was for Council to conduct community consultation. This was undertaken through an online survey to gain feedback for the

introduction of mandatory desexing of cats and education about cat curfews in the municipality.

Domestic Animals Act 1994

Section 25 of the Domestic Animals Act states

“If a cat is found at large outside the premises of the owner or not securely confined to the owner's premises, in a municipal district or a specified part of a municipal district in respect of which an order under this section has been made, during the hours specified in the order, the owner is guilty of an offence and liable to a penalty”

Council must make an Order under the Act to commence any enforcement action for cats being at large.

Animal Welfare Victoria

The 2022-23 State Budget committed \$1.3 million over two years to Animal Welfare Victoria (AWV) to improve cat management outcomes in Victoria. The initiatives include a long-term cat management strategy and an education campaign to encourage cat containment.

In August 2023, AWV requested all councils to ask their local community for their views on cat containment via a social media poll. The question Council asked was “Do you think cats should always be contained to their owner’s property?” 68% of respondents voted ‘Yes’. This prompted the Regulatory Services team to distribute a more detailed survey to the community about cat containment.

In March 2024, AWV released the Draft Victorian Cat Management Strategy and it was open for feedback until 26 April 2024.

Cat containment rationale

According to AWV, cat containment is an important way to keep domestic cats safe and protect wildlife. By keeping cats within defined boundaries, whether indoors or in secure outdoor enclosures, containment can significantly lengthen a cat’s life, and reduce the negative impacts cats can have on the environment.

One of the most important advantages of cat containment is safeguarding the health and wellbeing of pet cats. Cats that roam are at risk of being injured or killed by cars, other animals, or people. They may also contract and spread diseases, such as feline aids and cat flu.

Another significant advantage of cat containment is protecting local wildlife. Roaming cats can have a devastating impact on bird populations and other small animals. Studies from the Biodiversity Council have found that each roaming, hunting pet cat kills 110 native animals per year on average, and collectively roaming pet cats kill 546 million animals per year in Australia. Cat containment can help to reduce these impacts and protect our native wildlife.

Containing cats can also address concerns relating to public amenity and nuisance behaviour, such as noise disturbances, soiling and trespass disputes. These

behaviours can strain neighbourly relationships and make it difficult for people to enjoy their homes and communities.

Proposed Cat Containment Order

It is proposed to introduce a 24-hour cat containment order, requiring all cats within the municipality to be confined to their owner's property, unless the cat is appropriately restrained in a cat carrier or leashed.

The order will help;

- protect native wildlife
- stop nuisance behaviours like spraying, fighting and property damage
- reduce the feral cat population
- protect cats from injury and illness

Cat containment means keeping a domestic cat within the owner's property boundaries. According to the RSPCA, safe and reliable containment can be achieved by using an escape-proof contained outdoor area on the owner's property e.g. via cat proof fencing or using netting or rigid wire to form a fully enclosed area or by keeping the cat contained indoors.

A 24-hour cat containment order will have the biggest impact on both cat welfare and reducing the detrimental impacts cats have on wildlife. This model would also be more effective at addressing cat nuisance issues (such as trespassing and noise from cat fights) as these issues occur around the clock and are not exclusive to nighttime.

A 24-hour containment order will allow Authorised Officer's to undertake enforcement and compliance, regardless of when a stray cat is impounded. It is a clear and simple model for the community to follow and avoids ambiguity when Council is trying to resolve nuisance cat issues. This model would introduce the same responsibilities for dog and cat owners in relation to securely confining pets.

As experienced by other councils, a sunset to sunrise curfew is difficult to administer effectively as proving the time of day when cats are at large or captured in a cat trap is challenging, and two sets of rules for night and day often confuses the community.

Timeline and Actions to Implement Cat Containment

- *July 2024:* Government Gazette/advertisement in newspaper, additional advertising via social media, media release and Council website announcement
- *November to December 2024:* Mail out/text messages to registered cat owners
- *1 January 2025:* Cat containment order to commence
- *March 2025* – Information brochure to be sent out with animal renewal notices
- *30 June 2025:* 6-month grace period to end (further promotion via media release, website and social media)
- *1 July 2025:* Commence enforcement action, when appropriate

Consultation

There has been extensive community consultation completed over the last nine months regarding cat containment. It was important to gain the community's feedback on cat containment and ensure they were well informed about the negative impacts of roaming cats.

We received 352 responses to the first survey and 97 submissions to the recent consultation.

Council released the proposal for a 24-hour cat containment order to the community via Council's Let's Talk platform on 8 May 2024. The submission period was open for a two-week period until 22 May 2024.

Ninety-seven (97) submissions were received. Nine of these are unclear on whether the respondent was for or against the proposal. Therefore, the figures below are calculated on the 88 responses that had a clear for or against for the proposal.

- **52** (59%) were in support of the 24/7 cat containment proposal
- **25** (28%) were against the proposal
- **11** (13%) were against the proposal but would support a partial curfew

The submission responses are outlined in the attached report. Overall, the latest submissions supported 24-hour cat containment. Commentary attached to submissions raised issues of enforcement, queries on how to keep cats contained to your yard, and how this may impact on vermin control. Additionally, how to facilitate mandatory de-sexing of cats and microchipping were raised. These issues will be subject to further investigation noting Council already offers free microchipping once a year.

Financial Implications

Short term impact on property owners to build cat enclosures and/or cat proof fencing to keep cats within defined property boundaries.

Social Implications

If a cat curfew were introduced, it is anticipated that nuisance complaints from the community will decrease. The most common nuisance complaints Council receives regarding cats include trespassing cats, noise from cats fighting and roaming cats.

Economic Implications

If a 24-hour cat containment policy is implemented it may reduce current costs associated with cat management.

Environmental Implications

It is anticipated to have a positive impact on the environment by helping to reduce the local overpopulation of cats and reducing the devastating harm caused to wildlife as cats are natural hunters.

Risk Management Implications

Following the process to implement Cat Confinement Order to mitigate risk.

Animal Welfare Victoria

The 2022-23 State Budget committed \$1.3 million over two years to Animal Welfare Victoria (AWV) to improve cat management outcomes in Victoria. The initiatives include a long-term cat management strategy and an education campaign to encourage cat containment. In March 2024, AWV released the Draft Victorian Cat Management Strategy and it is open for feedback until 26 April 2024.

Cat containment rationale

According to AWV, cat containment is an important way to keep domestic cats safe and protect wildlife. Containing cats can also address concerns relating to public amenity and nuisance behaviour, such as noise disturbances, soiling and trespass disputes. These behaviours can strain neighbourly relationships and make it difficult for people to enjoy their homes and communities.

Cat containment consultation

On 4 December 2023 Council launched a community consultation campaign to gain the community's feedback on introducing a cat curfew and mandatory desexing of cats in the municipality.

A survey was made available on Council's Let's Talk program from 4 December 2023 to 31 January 2024. The survey was promoted via Council's Facebook page, website, media release and posters displayed at Council offices and vet clinics.

Senior Authorised Officer, Darren Rovere was interviewed about the survey by ABC Radio on 6 December and Trent Rose from 'Our Swan Hill' on 7 December.

The Guardian newspaper ran a front page article on 8 December 2023. Community pop up sessions were held in Swan Hill on 13 December 2023 and in Robinvale on 29 January 2024.

River 1467 Mildura radio station ran a news article about the survey on their Facebook page and webpage. The survey was featured in the Mayoral Column in The Guardian on 19 January 2024.

The survey was also made available in Tongan, Mandarin and Vietnamese. Hard copies were available at service centres.

The survey closed on 31 January 2024. There were a total of 352 responses to the survey – this has been Council's largest community engagement response to-date.

Survey results

One of the questions was "Would you support the introduction of a cat curfew?"

82% of respondents said **Yes**.

Next we asked respondents what type of curfew they would prefer.

The majority (52%) voted for 24 hour curfew in all areas.

32% voted for a partial cat curfew in urban and rural areas.

82% said they would support the introduction of mandatory cat desexing.

70% said they have personally experienced a cat nuisance issue in the last 12 months – cats straying onto neighbouring properties, toileting in gardens and stirring up other animals were the main nuisance issues reported.

Respondents said the main benefits of a cat curfew would be reducing the feral cat population, protecting native wildlife and reducing cats from becoming a nuisance to others in the neighbourhood.

Benchmarking

According to AWV Draft Victorian Cat Management Strategy, over half (43) of Victoria's 79 councils have introduced cat curfews.

- 11 councils have a 24 hour cat curfew, including Whittlesea, Wellington and Greater Shepparton
- 32 councils have a sunset to sunrise cat curfew including Ballarat, Greater Bendigo, Horsham, Mount Alexander and Wodonga.
- 2 councils, Frankston and Macedon are in the process of moving to 24- hour curfews as they have found partial curfews too difficult to enforce. Bass coast have already changed from partial to 24 hour.
- 16 councils are considering introducing a cat curfew including Campaspe and Central Goldfields.
- 20 councils do not have plans to introduce a curfew

The City of Whittlesea's 24 cat confinement order came into effect on 1 August 2023. According to their research, the majority of councils that have introduced cat confinement laws have had a decrease in euthanasia rates, some as much as 13%.

In March 2024 we contacted Whittlesea for feedback. Since the curfew commenced, there has been a large increase in nuisance complaints and cat trap requests.

They have a process in place where officers will always attempt to educate and/or issue warnings for a first offence, especially during the first six months of the new laws.

From 1 February 2024 (six months in), they issued 48 official warnings and eight infringement notices, plus verbal warnings and an advisory letter when acting on complaints. From 1 February 2024 to March 2024 they have issued 11 infringement notices.

They envisage that over time the complaints will reduce and the amount of cats impounded will also decrease.

Wellington Shire Council's 24 hour cat curfew commenced on 1 July 2023. In March 2024, they provided us with the following feedback; since the introduction of the curfew, and they have experienced a 20.8% reduction in domesticated cats impounded. Unfortunately feral cats remain an issue.

Similar to Whittlesea, they also received a lot of customer complaints about cats being at large when the curfew was first introduced, but this has now declined.

They have also received positive feedback from a number of community members stating they are seeing a marked increase in the number of birds in their gardens.

Greater Shepparton has not responded to our request for information.

Proposal released to community

At Council Assembly on 7 May 2024 Council approved the release of the 24-hour cat containment order proposal and opportunity for the community to lodge submissions for or against the proposal.

The proposal was released on Council's Let's Talk platform on 8 May 2024 and advertised on Council's website, social media and local newspaper. In addition, Regulatory Services held a Community Pop Up session on 15 May 2024 and there was an interview on ABC Radio on 16 May 2024.

The submission period was open for a two-week period until 22 May 2024. 97 submissions were received. Nine of these are unclear on whether the respondent was for or against the proposal. Therefore, the figures below are calculated on the 88 responses that had a clear for or against for the proposal.

- 52 (59%) were in support of the 24/7 cat containment proposal •
- 25 (28%) were against the proposal
- 11 (13%) were against the proposal but would support a partial curfew

Our Plan

Regulatory Services will seek Council's endorsement of a 24-hour cat containment order, requiring all cats within the municipality to be confined to their owner's property, unless the cat is appropriately restrained in a cat carrier or leashed.

The order will help;

- protect native wildlife
- stop nuisance behaviours like spraying, fighting and property damage
- reduce the feral cat population
- protect cats from injury and illness

Cat containment means keeping a domestic cat within the owner's property boundaries. According to the RSPCA, safe and reliable containment can be achieved by using an escape-proof contained outdoor area on the owner's property e.g. via cat proof fencing or using netting or rigid wire to form a fully enclosed area or by keeping the cat contained indoors.

Why a 24-hour cat containment order?

This model would have the biggest impact on both cat welfare and reducing the detrimental impacts cats have on wildlife.

This model would also be more effective at addressing cat nuisance issues (such as trespassing and noise from cat fights) as these issues occur around the clock and are not exclusive to night time.

The majority of survey respondents prefer a 24-hour curfew in both rural and urban areas.

A 24-hour containment order will allow Authorised Officer's to undertake enforcement and compliance, regardless of when a stray cat is impounded. It is a clear and simple model for the community to follow and avoids ambiguity when Council is trying to resolve nuisance cat issues.

As experienced by other councils, a sunset to sunrise curfew is difficult to administer effectively as proving the time of day when cats are at large or captured in a cat trap is challenging, and two sets of rules for night and day often confuses the community.

This model would introduce the same responsibilities for dog and cat owners in relation to securely confining pets.

Next Steps

Community consultation

If the 24-hour cat containment order is endorsed by Council, a communication plan will be developed.

Communication and education will include:

- Let's Talk platform
- Council website articles
- Media releases
- Social media, including paid advertising
- Paid advertising in local newspapers
- Engage Trent Rose from 'Our Swan Hill'
- Mayoral column in the Guardian
- Information brochures and FAQs sheets
- Resources translated into top 3 languages
- Text messages and mail outs to registered cat owners
- Several community information sessions
- Posters displayed at service centres
- Decals on Ranger vehicles
- Resources for cat enclosures and cat proof fencing and links to DIY videos.

It is anticipated that the cat containment order will commence six months after it has been endorsed by Council so cat owners have adequate time to prepare.

Once the order has commenced, a further six month amnesty period will be implemented. In the first six months cat owners will not receive infringement penalties for cats at large, but pound release and registration fees may apply. Our focus will be on educating and working with cat owners to keep their cats safe and contained. This will also allow for educational material to be sent with animal renewal notices in March 2025.

Recommendations to Council

1. Adopt the cat containment order, requiring all cats within the municipality to be confined to their owner's property, unless the cat is appropriately restrained in a cat carrier or leashed.
2. Authorise the Chief Executive Officer to execute the Order
3. Upon execution, the order will come into force on 1 January 2025.
4. Place a notice in the Government Gazette and a local newspaper in accordance with legislative requirements.

The recommendations are based on consideration for cat welfare, environmental impacts, community feedback and benchmarking with other councils and Council's ability to enforce laws.

Timeline

8 April 2024 – Report to ELT

7 May 2024 – Council assembly to seek endorsement of the;

24-hour cat containment order, requiring all cats within the municipality to be confined to their owner's property, unless the cat is appropriately restrained in a cat carrier or leashed.

8 May 2024 – Release proposal for 24 hour cat containment order to the community.

Advertise via Let's Talk, social media, newspaper ad and Council's website and opportunity for submissions – 2 week period

Provide community with information on how the order will be enforced, reasons why we have chosen a 24/7 model, fact sheets, statistics and timelines.

15 May 2024 – Community pop up or online information session about the proposed curfew

23 May 2024 – Regulatory Services Workshop to consider submissions

4 June 2024 – Council Assembly – Submissions report

18 June 2024 – Council meeting to adopt the order

July 2024 – Government Gazette/ad in newspaper

July 2024 – Additional advertising via social media, media release and Council website

November-December 2024 – Mail out/text messages to registered cat owners

1 January 2025 – Cat containment order to commence

March 2025 – Information brochure to be sent out with animal renewal notices

30 June 2025 – 6 month grace period to end (further promotion via media release, website and social media)

1 July 2025 – Commence enforcement action, when appropriate

Enforcement and compliance

A common response to the survey was about how the cat containment order would be enforced.

As highlighted above, in the first 6-12 months our main emphasis will be about educating the community about the curfew. It is important that cat owners are informed about responsible pet ownership and the importance of registering, microchipping, and desexing their cats and securely confining them to their properties.

We will continue our timely response to complaints about cats being at large and promptly collect and/or seize stray cats, where applicable.

We will also ensure the community are well informed that they can make reports about cats being at large 24/7 via phone or the website. Rangers will contact complainants the next business day.

We will also continue to promote our free cat trapping program. In 2023 there were 191 cat trap requests.

There were 220 cats impounded in 2023. 26 cats were released to their owner, 95 were adopted/transferred to an adoption agency and 99 were euthanased. 89 of these cats were wild or uncontrollable. In comparison, there were 147 dogs impounded in the same period. These figures indicate a significant issue with the overpopulation of cats within the municipality.

Impounded cats (that are not wild or uncontrollable) are cared for at the Council pound facility for eight days and photos/details are added to Council's Lost and Found animal webpage. Cats returning to their owners or being adopted must be microchipped and registered prior to release from the Pound. Owners are also provided with education about responsible pet ownership and keeping cats contained.

After the cat containment order six month grace period, Authorised Officers may conduct enforcement and compliance in accordance with the Domestic Animals Act 1994, however in the first instance, it will only be a warning.

Current penalties associated with cats

- Penalty for unregistered cat \$385*
- Penalty for cat at large \$96* for the first offence, increasing up to three penalty units for a second or subsequent offence.
- Pound release fees \$80* (1st offence)

*Fees will increase on 1 July 2024.

As part of our DAMP Council has a 'Free Ride Home' incentive for registered cats if they are found wandering for the first time.

Further research will be completed in 2025 in relation to the introduction of mandatory cat desexing.

24 hour Cat Containment Consultation Summary of Issues Raised – May 2024

Comments Supporting the 24 Hour Curfew

- Fully support curfew
- Encourages responsible pet ownership
- Avoid chance of dog attacks on cats
- Want to see more native birds return to neighbourhood
- Need de-sexing as well
- This may deal with nuisance cats and their impacts
- Reduce number of stray cats and kitten litters
- Brings cat ownership in line with dog restrictions
- Would like to see more access to cat traps
- Believe it to be best course of action

Comments Against the 24 Hour Curfew

- Against short notice for introduction, just 6 months – may further impact limited family budgets
- Council should fund/subsidise de-sexing and microchipping of cats
- Who will catch mice and rats and keep snakes away
- Council should control feral cats – rubbish removal etc.
- May cause greater dumping of cats
- Unrealistic, Council resources are much better spent elsewhere
- Encourage dusk to dawn curfew
- Cats are outdoor creatures and shouldn't be forced to live inside
- Almost impossible to keep a cat indoors
- It's inhumane
- How will this be enforced – are there sufficient resources and how will this be implemented?

Comments for Alternative/partial Curfew

- Support dusk to dawn curfew as a balanced approach without imposing undue burden on responsible cat owners
- Many of the issues raised come from stray cats
- Cost and practical challenge of keeping a cat vs a dog contained may make it cost prohibitive for some cat owners
- Community support and education is required
- Dusk to dawn curfew is more effective approach to deal with roaming cats
- Cat cages not always an appropriate alternative
- Staged implementation, first 12 months night curfew then review if a 24 hour curfew is needed
- Unfair to cats who have always been allowed outside

Other Comments

- Subsidised cat containment options
- Target the backyard breeders
- Stray cats should be the focus
- Mandatory de-sexing
- Has Council considered issue of mice and rats in rural areas
- This is not going to solve issue – need to restrict breeding of cats
- Offer cheaper registration

Declarations of Interest:

Council officers affirm that no general or material conflicts need to be declared in relation to the subject of this report.

Summary

The following documents and agreements have been signed and sealed by the Councillors and the Chief Executive Officer on the respective dates. Those actions require the ratification of the Council.

Discussion

During any month Council is required to sign and seal a range of documents arising from decisions made on a previous occasion(s). Examples include sale of land, entering into funding arrangements for Council programs etc.

As the decision to enter into these agreements has already been made, these documents are signed and sealed when received, with Council ratifying the signing and sealing at the next Council meeting.

The following documents were signed and sealed since the last Council meeting:

No.	Document Type	Document Description	Date signed/ sealed

4 Notices of Motion

4.1 Swan Hill Drag Strip – Possible Uses

Having given due notice, **Councillor Stuart King MOVED**

That Council receives and hears submissions from the four (4) interested parties who have approached it, in relation to possible uses for the Swan Hill Drag Strip.

Preamble

Council resolved at the December 2023 meeting to close the Swan Hill Drag Strip on a permanent basis. Since this resolution was made and subsequently publicised, Council has had approaches from several parties who have expressed an interest in possible alternative uses for the Drag Strip.

This motion seeks to provide Council the opportunity to receive and hear submissions from those parties who have expressed an interest. This may allow a suitable use to be found for the Drag Strip whilst the strategic plan is undertaken.

A further resolution of Council would be required to re-open the Drag Strip if an acceptable use was found.
